The Government and RBI have been rising all sorts of alibis in regard to the paying capacity, increasing cost etc. The fact is that the lower level employees cannot held responsible for the NPA's. **25.** The present banking crisis is created by the policy of the Government and RBI and not due to the Banks. We have been forced to finance huge key industries due to the pressures created by the successive Governments and to-day, the steel, cement, telecom, infrastructure projects are facing difficulties and responsible for creation of huge NPA's in the banks.

**26.** The Government proclaimed speedier recovery procedure in respect of big 14 units but nothing has happened so far and on the contrary the NPA's are further growing. able to recover their loans from big corporates who are responsible for the huge NPA's in the banks.
